Project Management: Cabling & Relocation

You will need more than a company who can connect your phones, computers, copiers & other office equipment

In order to create a cost efficient and optimum communications network, you will need more than a company who can connect your phones, computers, copiers and other office equipment. Everest Broadband Networks will take the time to understand your business requirements and ensure trained professionals wire your office correctly.

Your project will be managed by a team of dedicated network engineers, who will partner with you at every stage, from the initial system assessment to complete product implementation and ongoing maintenance support.

Trusted Technology Partner

42 BROADWAY 16TH FLOOR

NEW YORK, NY 10004

Installation:

Everest Broadband Networks will install and certify all cables in accordance with the local building codes and industry standards. Services will be carried out with the utmost professionalism.

Labelling:

Each location such as the cable, station plate and closet hardware will be labelled using an electronic labelling system that has unique identification number according to the customer's instructions. In the event a labelling scheme is not available, Everest Broadband Networks will assist the customer in developing one.

Testing:

All installed and terminated runs of Category 5E/6E cables will be certified for compliance at the completion of the project to the appropriate standards.

Warranty:

All labor and material for the project will be warranted for 30 days following project completion. Repairs or replacements will be made at no charge on jacks, outlets, cable, patch panels and termination blocks provided that no party other than Everest Broadband Networks or its representatives has tampered with the installation. If any party has tampered with the installation, repairs or replacements will be performed on a time and material basis.

Everest Broadband Networks carries all of the necessary workers compensation and liability insurance. Copies will be provided upon request.
